**Urgent call for supplies for our Medical Providers and our Local 114
 Membership who are still actively working through this COVID-19 Pandemic**

Dear Unifor Local 114 Membership and Companies of Local 114;

Our Medical Providers in particular and our Local 114 membership who are working during this COVID-19 Pandemic are in need of supplies to keep them safe while providing much-needed public and private services to our communities.

Trying to keep a supply of gloves, masks, paper towel and cleaning supplies is a task that is difficult right now for our Medical Providers and our Local 114 employers, and in some areas is out of their control due to Health/Medical Care facilities requiring these items as a priority for all of us.

In an attempt to assist our Medical providers and our Local 114 membership who are still working in the public and private sectors, we need your help to try to gather some of these supplies. Any medical supplies will be donated to medical workers in our many communities. Any cleaning supplies will be donated to our units still open and in need for these types of supplies for our membership to use.

For our many employers if you know of a supplier that has any of these supplies please let us know, **for our membership** if you are out shopping and see any of these supplies please grab an extra item and donate it to this drive. If you are crafty and can make non-medical masks and could donate some that would be great as well to be distributed to our Local 114 membership to use.

On behalf of our Membership, Executive, and Staff thank you for anything, you may be able to assist us with during this time for supplies that are urgently needed by our Medical Providers and our Local 114 membership who are actively working through this COVID-19 Pandemic.

Contact your Local Officer/Representative if you have any of these supplies to donate or if you have a line on a supplier with these items that the Local could contact.

Thank you
