

My name is Bernie Katili and I have been working for DHL as an owner operator since 1993 until present. I have been a shop steward for the last two terms until present for DHL Richmond BC. I'm running for trustee because I am a trustworthy, hard working person that is mathematically competent, makes good financial decisions and has many years of experience with DHL to understand the working environment. I have lived in Coquitlam since 1990 with my wife and two wonderful kids.
