

# James Young

Viking Air Ltd, local 114

Greeting Brothers & Sisters,

My name is James Young. I work as an aircraft mechanic, in avionics, at Viking Air Ltd. I have been with Viking Air and the Union for 17 years.

I am currently the Chairperson for Viking Air. I serve on our Bargaining Committee as well as our Skilled Trades and Apprenticeship Committee. I am an elected delegate on the Aerospace Council. I have also just been re-elected for the 2nd time as a Delegate for the Unifor National Constitutional Convention.

I have served in the Union in an official capacity for 8 years. I take my role in the Union very seriously, improving my skills and abilities in order to serve our membership more efficiently.

I have formal training in Human Rights, Harassment Investigation, Conflict Resolution, Arbitration, Collective Bargaining and Grievance Handling & Workplace Leadership. I use this training everyday as a Chairperson, Committee Member and Union Activist.

These learning opportunities have allowed me to grow my ability and to better serve our membership.

Being elected to the position of Trustee as well as Constitution & Bylaw Chair would give me the opportunity to further serve the Union and our membership.

***I would be honored by your support, to be elected to the position of Trustee as well as the Constitution & Bylaw Chair.***

In Solidarity,

A handwritten signature in black ink, appearing to read 'James Young'.
